

## Greeting Cards

Friday, 09 November 2007

Last Updated Friday, 18 April 2008

Some of the things that set us apart related to Greeting Cards:

- Dedicated Greeting Card staff: meet Gene and Arelene
- PDF work-flow ApogeeX that enables us to process multiple cards almost instantly
- Ability to print full color on both sides of the sheet in a single pass through the use of our eight color perfecting press.
- High speed greeting card folders.

We've been producing high quality greeting cards since the day we opened our doors 18 years ago and as a result we have developed a unique approach to these products that enable us to deliver outstanding cards quickly and competitively. We produce many of the cards you would find in stores like Target, Walgreen's, and Family Dollar. We also provide solutions to smaller greeting card companies that sell into specialty environments enabling them capitalize on the economies we offer through our tremendous volume in these products.

More than ever, companies take special time to create custom corporate Christmas cards for their clients and partners. We would like nothing more than to help you create and send a memorable message this year with a greeting card that truly stands out. We can even design it for you using your logo and ideas if you like.
